Rocky Mountain  
MSDC

The Rocky Mountain Minority Supplier Development Council

► By creating programs and networking opportunities, the Rocky Mountain MSDC personifies synergy, innovation and experience in cross promoting minority business development programs and services. Ultimately, we eliminate obstacles to success for minority-owned businesses and minority development agencies through the promotion of:

- The strategic role of MBEs to local and U.S. economies
- The expansion in the number of jobs created by MBEs
- Database exposure to a minimum of 3500 National Minority Supplier Development Council corporate members; MBEs also have access to our 100 corporate member database
- Professional development through advanced management education programs, workshops and seminars
