So, you have always dreamed of starting your own business. You have a great idea and a plan, now all you need is financing. You have many questions – our small business finance experts will be on hand with some answers:

- What financing options are available today?
- Where do I start?
- How much start-up cash do I need?
- How much can I borrow?
- What is the interest rate and term of the loan?
- What do I need to provide to a lender/investor?
- How much cash do I need to bring to the table?
- What lines of credit can I access?
- Loans: Short term, asset-based, intermediate and long term?
- What is a factoring loan?
- What City & SBA programs are available?
